

Rackets King Accardo Gets 6-Year Term

Chicago Underworld Leader Tripped Up On Tax Charge

CHICAGO (AP) — Federal Judge Julius H. Hoffman yesterday sentenced Anthony (Tony) Accardo, a Chicago underworld leader also known as Joe Batters, to six years in a federal penitentiary, fined him \$15,000 and assessed him for all the prosecution costs of a nine-week jury trial.

The reputed elder statesman of the Chicago crime syndicate was convicted Nov. 11 of making false statement in his income tax returns for the years 1956, 57 and 58.

Judge Lectures Accardo

Lawyers said the assessment of the prosecution costs would amount to "astronomical" heights. Before passing sentence, Judge Hoffman lectured Accardo for half an hour, linking Accardo to professional gambling and "degradation and violence."

The Accardo case, which concerned a mere \$3,993 Accardo claimed as a business expense in his asserted role as a beer salesman, was a landmark in Chicago's long crime history, and the conviction has been called "the Capone trap."

This is a reference to the 1932 federal conviction and imprisonment of "Scarface Al" Capone, a predecessor of Accardo in the ruling seat of the crime syndicate.

Arrested Many Times

Accardo had been arrested many times. He was questioned in scores of murders, vice, narcotics, gambling and other racket investigations, but was never convicted until yesterday, when the deductions he claimed for the operation of a red Mercedes Benz sports car caught up with him.

Maurice Walsh, his lawyer, filed immediate notice of appeal. To reporters, Walsh said, "The government's case was full of prunes."

Accardo, who rubbed his face and fiddled with his nose as he rocked his chair back and forth during the trial, stood impassively, hands clasped behind his back, when the judge asked him if he had anything to say. "No sir," was the reply.

Chief of Syndicate

The resident of a \$500,000 house with gold-plated plumbing fixtures in River Forest, an otherwise select western Chicago suburb, Accardo became chief of what is still called the "Capone Syndicate" in 1943 when Paul (the Waiter) Ricca was imprisoned for participation in an extortion plot.

Judge Hoffman sentenced Accardo to two-year terms, to run consecutively, on each of the three counts, and \$5,000 fines on each of the three counts.

Accardo has been in semi-retirement from his job as head of the crime syndicate. If he goes to the federal penitentiary in Terre Haute, Ind., undoubtedly his place will be taken by Sam (Mooney) Brown.

Alliance Man Fined For Tax Evasion

Paul W. Lang, 47, of Alliance was fined \$5,000 Friday in US District Court in Cleveland on a charge of income tax evasion.

Lang, president of the Lang Manufacturing Co., was formerly employed by the Schnell Tool and Die Co. here.

On March 3, he was indicted for tax evasion for the years 1953, 1954 and 1955. He was arraigned on March 18 and pleaded not guilty. On Oct. 14 he entered a plea of guilty on one count in 1954, with the other two counts being dismissed.

The following are the amounts he filed, with the amounts he failed to file in parentheses: 1953, \$33,022.22 (\$5,000); 1954, \$20,487.33 (\$13,600); 1955, \$17,426.36 (\$2,896.55).

Judge Girard Kalbfleisch gave Lang 30 days to pay the fine.

Boardman PO Safecrackers Obtain \$300

Burglars got away with cash and silver estimated at \$300 sometime during the night, after gaining entry to Boardman Post Office and burning open the safe.

Art Stockstill, superintendent of the Boardman Branch of Youngstown Post Office, said entry was probably made between 2 and 6 this morning, when he discovered the theft. Stockstill said the thieves picked the lock on the rear door of the building to get inside.

Packages and parcels were rifled, although Stockstill said it was doubtful anything was taken. He said an inventory would be conducted today to determine exact losses.

The burglars left behind all their working tools, which have been turned over to the Crime Laboratory of Youngstown Police Department.

Stockstill said money taken was mostly silver.

Weather Gadget Found Here After High Trip

A box containing a "radiosonde" instrument for obtaining weather information of the air at various heights was found attached to a parachute in a tree at RD 2, Salem, Friday by Robert Chappell of 911 Franklin St.

Mr. Chappell, owner of Chappell & Zimmerman concrete supply firm, mailed the box back to the U.S. Weather station at Dayton where the instrument was sent aloft Wednesday. Instructions on the side of the box said it had been attached to a balloon which would burst at a height of 17 miles and then descend to earth by parachute.

Kennedy Tackles Streamlining of Defense Dept.

Schedules Weekend Conferences With Sen. Symington

PALM BEACH, Fla. (AP) — President-elect John F. Kennedy today tackles a study of the Defense Department looking toward the streamlining he says it needs for this nuclear age.

For the study, to continue over the weekend, the Democratic winner called in Sen. Stuart Symington, D-Mo., secretary of the Air Force in the Truman administration and mentioned frequently as a possible Kennedy choice for secretary of defense.

Charting Reorganization

At Kennedy's request, Symington has been charting Defense Department reorganization for some time and now is ready to make recommendations for the program the new administration will send to Congress shortly after Jan. 20.

During the campaign Kennedy said that as president he would seek increased efficiency in the Pentagon setup and aim at economies in administration of the huge defense program.

On the other hand, Kennedy also is on record as favoring a 2 1/2 to 3 billion-dollar hike in spending to bolster the nation's military might.

The session with Symington on revamping of the Defense Department comes against the background of a lengthy briefing Kennedy got Friday on the situation in the Caribbean area. There, on orders from President Eisenhower, American warships and planes are on guard to prevent any Communist-led attack on Guatemala and Nicaragua. These revolt-threatening Central America republics asked for U.S. help after accusing Cuba's Fidel Castro regime of aiding the rebels.

Conferred With Dulles

The president-elect spent 2 hours and 40 minutes with Allen W. Dulles, chief of the Central Intelligence Agency, and his deputy, Richard Bissell. Kennedy had requested the briefing, classified as top secret.

Neither Kennedy nor Dulles had any comment for newsmen after the meeting. Donald M. Wilson, the president-elect's acting press secretary, was asked whether Kennedy supports Eisenhower's action ordering U.S. naval units into the Caribbean on the anti-Communist mission. Wilson said: "On that question as well as all such others, we are going to have no comment. Sen. Kennedy feels it would be improper for him to discuss actions or policies of the United States government at this time because he has no responsibility (for them) until he assumes office after Inauguration Day."

On return to Washington next Wednesday evening, Kennedy will meet with AFL-CIO President George Meany for a discussion of unemployment problems. Kennedy will be going back to the capital to spend Thanksgiving Day with his wife—expecting a second child next month — and their small daughter.

Churchill's Doctor Says All Is Well
LONDON (AP) — Sir Winston Churchill's personal physician declared himself satisfied today that "everything is all right."

A later medical bulletin, that seemed less reassuring at first, said the famous statesman, who will be 86 on Nov. 30 "did not have a very good night but the pain from his injury was less."

Churchill tripped over a rug in his bedroom Tuesday night and broke a small bone in his back.

Lord Moran, Churchill's physician, made the "everything is all right" statement after he and Prof. Herbert J. A. Seddon, an orthopedic specialist, spent 90 minutes at the bedside this morning.

"There really is no contradiction" between his statement and the bulletin, Lord Moran said. "One can spend a disturbed night for all sorts of reasons. Actually Sir Winston's case is proceeding normally and that is the important thing."

Asked if this meant there were no sign of any complications, Lord Moran said, "Yes, you can put it that way."

The medical staff has been keeping close watch on Sir Winston's bronchial condition. A chest congestion, which might develop in a man of his age while immobilized abed, could be a serious thing for him now.

Cuba Stocks Arms for Revolutionary Thrusts

Castro Threats Against U.S. Toned Down

Russia May Have Advised Him to Take Moderate Course

HAVANA (AP) — The muting of Fidel Castro's rocket-rattling warnings to the United States heightened speculation here today that Moscow has advised him to take a more moderate course in his dealings with Washington.

The Kremlin's hand may be behind the lessening of attacks in the government press against President-elect John F. Kennedy — in contrast with the increased tempo against President Eisenhower and Vice President Richard M. Nixon—possibly with a view to keeping a path open to later conciliatory approaches.

No Mention of Support

It was noted here that Prime Minister Castro's newspapers and radio made no mention of Soviet rocket support in their blasts at President Eisenhower for ordering U. S. Navy ships and planes to seek out and prevent Communist-led attacks from abroad on Guatemala and Nicaragua.

The Eisenhower order—the result of a request from Guatemala and Nicaragua who charged unsuccessful revolts against their governments in the past week were aided by Cuba — set off a chain furor, including both critical and approving comment in Latin America on the naval action and a Cuban letter of protest to the United Nations.

Favors Police Action

Guatemalan President Miguel Ydigoras also said he favored a Korean-type police action against Cuba, and both Guatemala and Nicaragua were reported considering invoking the hemisphere's 1947 Rio de Janeiro treaty of mutual assistance.

Castro's boasting of Soviet rocket support ceased almost abruptly before the present blowup in the Caribbean, however. This kind of talk abated after Castro himself told Cubans on Nov. 9 not to depend too much on Soviet offers of assistance and to rely on their own strength.

This speech followed by three days another by Soviet Ambassador Sergei M. Kudryavtsev at a labor rally. Though almost every other Cuban speaker took glowing note of promises of Soviet rocket support in case of U. S. aggression, the Soviet diplomat stressed peaceful coexistence.

May Have Dropped Hints

Well-informed sources said some of the Soviet diplomatic mission have dropped hints that the Kremlin, busy with its own problems with the United States, would like Castro to be a little less belligerent.

After harsh attacks on Kennedy after his election, some of the Castro papers appear to have dropped him.

A Cuban News Agency dispatch from Washington said some "optimistic diplomats" felt Kennedy might attempt "secret negotiations" looking toward a reconciliation with Cuba. It said, however, that the best informed sources considered he would do nothing to improve relations.

Guatemalan President Ydigoras said he favored a police action by the Organization of American States against Cuba similar to the police action by the United Nations against a Communist invasion in Korea in 1950.

Diplomatic sources in Washington said both Guatemala and Nicaragua were preparing to invoke the 1947 Rio de Janeiro treaty

County Gives \$100,000 For Liverpool Road

Columbiana County officials, at a meeting Friday, agreed to an expenditure of \$100,000 to help in the construction of the East Liverpool freeway, which will eventually be a part of the River-to-Lake highway extending from East Liverpool to Ashtabula.

Attending the meeting at the Courthouse Friday afternoon were County Commissioners Frank Wilson of Wellsville, Walter Hunston of East Palestine and Max Gard of Lisbon; Prosecutor G. William Brokaw of East Liverpool; Auditor Kenneth Bell of Wellsville; Engineer Charles Snyder of Salem and Mayor Bert Boodballet of East Liverpool.

Half of the county fund grant will come from the road and bridge fund of the county, \$25,000 this year and \$25,000 in 1961. The balance of \$50,000 will be from the general fund and bonds for this amount are expected to be sold next year.

East Liverpool Council held a special meeting Friday evening to pass on its appropriation for this road inside that city.

Election Expenses Filed With Board

Walter A. Hunston, who was re-elected as a county commissioner at the Nov. 8 election, reported to the County Election Board he spent \$537 in his campaign.

The East Palestine Republican said he received a \$25 contribution.

Dr. William A. Kolozsi of Salem, who was unopposed for re-election as coroner, listed an expense of \$7.30.

The Salem Firemen's Assoc. said it spent \$198 backing a 56-hour work week ordinance.

U.S. Says Red Powers Using Island as Base

Russia, Red China Cooperating In Supply of Arms

WASHINGTON (AP) — U.S. officials pictured Cuba today as building up a huge arsenal of Soviet bloc military weapons to arm revolutionary movements throughout the Caribbean area.

The State Department announced Friday night that according to the best available information the government of Cuban Prime Minister Fidel Castro has already imported 28,000 tons of arms from the Soviet bloc, including tanks, guns and eight MIG jet fighters. The department said shipments also included about 6,000 tons of assorted ammunition in addition to almost 46 million rounds of rifle, machinegun and artillery ammunition previously obtained by Castro from non-Communist sources.

According to the department's figures, Castro has received a total of 93,000 automatic rifles, including 45,000 from Communist Czechoslovakia; 13,000 submachineguns; a variety of heavier weapons and 10 Soviet helicopters.

The State Department said Castro now has the largest army in Latin America. His militia was put at 200,000 persons and officials estimated that his regular army totals 40,000.

The Soviet Union and Red China are cooperating in the supply of arms to Castro, the State Department said, because they "apparently desire to contribute to Caribbean tensions by burdening the Cuban economy with excessive arms purchases and by supporting the aggressive policies of the Cuban prime minister."

Washington officials expressed the hope that disclosure of the Cuban arms information, evidently obtained from intelligence sources, would alert other nations throughout the hemisphere to the dangers of serious Communist-directed trouble making by Castro which are foreshadowed.

Privately officials put their fears in blunter terms. The Communist powers, they said, are clearly using Cuba as a base for accumulating arms with which to supply revolutionary movements whenever there is an opportunity to stir up serious trouble.

President Eisenhower has deployed U.S. warships to patrol the Caribbean coast of Central America, acting at the request of Guatemala and Nicaragua. Those countries crushed small forces of revolutionary invaders earlier this week and alleged Cuban support for the operations.

3 Firemen Killed In New York Blaze

NEW YORK (AP) — A nine-alarm fire roared through old buildings in lower Manhattan Friday night, trapping and killing three firemen and injuring a dozen others.

The flames, belching dense, black smoke, vari-colored sparks and embers high over the Manhattan skyline, could be seen for miles. Thousands of spectators thronged to the scene.

The three firemen literally "slid to their death" into the basement of the five-story loft building where the fire started. The men, the first to reach the scene, rushed in and started down to the basement only to find the stairs had been converted into a chute for sliding merchandise to the cellar.

Once in the smoke-filled basement they were unable to find their way out.

The fire broke out shortly after 5 p.m. in the 100-year-old brick building housing textile concerns at Broadway and Grant Streets.

TO GIVE THANKS

Danny and Tess took part in the Thanksgiving tableau at school last week, and they did a good job. As I looked at them, I thought of the real Pilgrim children and that first Thanksgiving.

Our forefathers weren't inoculated against childhood illnesses. They didn't have miracle drugs and warm clothes. They certainly didn't have more than they could eat. They faced incredible hardships, with no bright toys for special rewards, no candy bars. But they knelt down in the cold with their parents and gave thanks to God just for being alive.

Can we do less today? Can we possibly do less, this Thanksgiving, than go to Church and humbly give thanks to our Creator for His wonderful gift of life?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Something to Choose Between

As leader of the Republican party, Vice President Nixon can take no part in the presidential administration of his friend John Kennedy.

He would cease to be Republican leader if he did so. The No. 1 spokesman for the "loyal opposition" cannot put on another political hat and be Spokesman No. 39 for the party in power. That isn't the two-party system.

"Unity" achieved in the past, as when Henry L. Stimson and Frank Knox served in the wartime Cabinet under Franklin D. Roosevelt, was engaged in by men who held no party positions.

In the absence of a strong Republican leader in the Senate, Mr. Nixon must be "Mister Republican" for the next four years. Sen. Dirksen, the Republican leader in the upper house, and Rep. Halleck in the lower house are legislators, not policy-makers.

THESE THINGS are obvious to the vice president. They are obvious to people who try to understand the two-party system. They never can be obvious to people who don't like the two-party system, and there are too many of these for America's good. They see no merit in opposition.

To them, "loyal opposition" sounds like a contradiction in terms.

When the late Sen. Robert A. Taft performed so ably as leader of the Republican opposition that he overshadowed the presidential candidates of his own party and ultimately loomed larger than Harry Truman, after Roosevelt's death loosened the bonds of the Democratic coalition, he was castigated and abused as an "obstructionist" by these people.

They are angry again. They will be even angrier in the months ahead when a "loyal

opposition" forms against the incoming Kennedy administration.

They will make Mr. Nixon their target if he clashes with Mr. Kennedy. They will accuse him of impending progress. There will be an empty-headed hue and cry for "national unity."

It will be overlooked that the Soviet Union has "national unity," that Hitler's Germany, Mussolini's Italy and Tojo's Japan all had "national unity."

Cuba has "national unity." Red China has it. There is no merit in "national unity." It is just a polite name for the end of national freedom.

FREEDOM MEANS a choice, instead of swallowing a dictator's edict. It is freedom of choice.

Republicans now are the minority party in the executive branch of the federal government as well as the legislative branch. Their point of view will be held by a minority of the Supreme Court before Mr. Kennedy leaves the White House.

Never was there greater need for a "loyal opposition."

The only person in sight who can lead an opposition is Richard Nixon.

He is the second most important figure in the U.S. government by virtue of his tremendous vote on Nov. 8.

Adlai E. Stevenson never had this kind of prestige as the defeated presidential candidate Thomas E. Dewey didn't have it, nor Wendell Wilkie, nor Alfred M. Landon, nor Herbert Hoover.

Vice President Nixon will not become involved in the presidency of Sen. Kennedy. He has more important work to do — to lead the opposition — to protect U.S. freedom.

Student Riot In New Orleans

What is happening in New Orleans as the result of token integration is no cause for outsiders to strike an attitude of pursed-lip disapproval.

What is happening in New Orleans could happen anywhere in the United States if the same circumstances existed—and not only a school policy dispute.

The chief circumstance in New Orleans is the uncontrollability of teen-agers who have formed mobs to defy the New Orleans police, to thwart the orderly processes of law and, worst of all, to put into action the hatreds of their elders.

No one needs to be told that these teen-age mobs are not fairly representative of New Orleans. Neither are the jeering, abusive adults who are egging on the mobs by their own undisciplined behavior.

ALL THESE PEOPLE are misrepresenting New Orleans, just as Louisiana politicians are misrepresenting Louisiana.

County CD Program

If city and village officials and township trustees in Columbiana County communities respond to action taken by county commissioners this week, a Civil Defense organization on a workable basis may be the result.

The commissioners adopted a resolution favoring a county CD unit and already the Leetonia Council has agreed to share the cost of the program, estimated not to exceed 12½ cents per person annually. Under a plan outlined by Third Area Civil Defense Director Leo F. McCarthy, the participating communities will pay five cents per capita into a county treasury to maintain a central office, including a director. The rest would go to the participating groups for their own local operations under the county-wide program of organized supervision.

Civil defense is hardly worth the effort unless it is well-organized with trained personnel who know what to do in an emergency. The county proposal looks like a step in the right direction.

Once Over

The Nixon-Kennedy conference got the Florida vacation season off to a good start publicitywise. But Miami press agents may be disciplined for not getting bathing beauties into the act and asking such questions as "What do you think of Hialeah as a factor in the economic situation?" and "What do you think will be the effect of the new Russian ruble on the electric rabbit?"

There was much talk about using Republicans in the 1961 lineup but no clear indication whether there would be opportunities as bat boys or first-base coaches. There will be a second conference between Dick and Jack.

This may make clear whether Nixon will be allowed to work out with a new squad but without the metal helmet at the plate.

Some questions asked Sen. Kennedy at press conferences are close to silly as for example, "Are you going direct to your helicopter now?" which brought the answer, "Yes, to the airport, from there to the Palm Beach Airport and from there to the house." Why not go on from there?

Q: After you reach the house what do you do?

A: I have not given that much thought, but will probably throw myself into a porch chair.

Q: Have you a special porch chair or will you use whatever is vacant?

A: My porch chair policy is extra liberal.

Q: Where will you go from the porch chair?

A: I am not making any commitment at

this time but believe I may take a swim.

Q: Will this be in the pool or ocean, and what about rumors you intend to take a dip in a lake to restore old swimming hole image to political life?

A: The pool and ocean and optional. I do not plan to build up the swimming-hole background, as I own without it.

Q: After you take your Palm Beach swim what will you do next?

A: I hope to relax on the beach.

Q: What beach?

A: Any beach where there are no correspondents.

MOST COMMON ACCIDENT is reported by Safety Council to be due to lack of a grab-bar in bathtub. Lacking a flashlight in emergency is second and use of old-fashioned can opener which leaves jagged edge on tin cans are closed up. You are in real trouble if you reach for a missing grab-bar in tub, grab a can of beer by mistake and find you will have to open it with a bar of soap or Red Cross kit.

Russia announces its ruble will now be worth \$1.11. It is now out to veto American money.

O'Neill's "The Iceman Cometh" got a four-hour production on TV the other night and early morning. This sort of thing may not only kill pay TV but kill it for FREE.

Just heard of a TV fan who called 48 hours after "The Iceman Cometh" and asked a radio man to fix the set. "What's the matter?" asked the repairman. "I can't get the iceman out of it," he replied, refusing to believe it was his imagination.

"This'll Bring Him Around"

Two Party Hope

By RAYMOND MOLEY

"within the American tradition."

It is more than that. It is in the pattern of the Anglo-American tradition of more than two centuries. At least since the time of the elder Pitt, the Earl of Chatham.

In his farewell address, Washington decried "factions." But while he was speaking, Jefferson was already at work creating an opposition to the Federalists.

Later, the wise and articulate John C. Calhoun gave us the best of all definitions of two-party government:

"The community will be divided into two great parties—a major and a minor, between which there will be incessant struggles on the one side to retain and on the other to obtain the majority—thereby to control the government and the advantages it confers."

Those shallow Americans who do not like that sort of "struggle" to attain or keep a majority should move to the Soviet Union,

where there is no party conflict, where the head of the party is in fact the head of the government, where alleged voting offers only one choice and one ideology is supreme—a completely monolithic state without liberty for anyone. For in party struggle is the life blood of our individual freedoms.

Kennedy said this to the press: "The vice president has responsibilities as the leader of his party which would come within the American tradition . . ."

In answer to the question whether he would give Nixon a job in his administration, he added, "Mr. Nixon has a definite responsibility as leader of his party and I think that perhaps he can answer how he would define that responsibility more satisfactorily than I can."

NIXON DID define that responsibility:

"There will be no differences that we have in these next four years which will be based on personal considerations. They will be based only on differences in principles and policies which we may have."

"I would like to add, too, that as the senator indicated, I have a responsibility as the leader of the opposition at this time and I would like to say that as the leader of the opposition it is my responsibility to see that our opposition is constructive, that we support those policies which we believe are in the best interest of the administration and of the nation as well, whenever the administration advocates such policies but that where the new administration advocates policies that we disagree with, that it is our responsibility vigorously to oppose them. We had such an understanding."

"The senator agrees that that is the proper role of an opposition party and of an opposition leader."

No such clear definition of party leadership by both candidates after an election has been drawn since the days of Bryan and McKinley. This acceptance of party leadership by both men now is free institution.

A Political Myth

By DAVID LAWRENCE

Election Shatters Theory About Negro Vote

Perhaps the biggest myth in present-day politics — the theory that the Negro vote can be won solely by espousing the civil rights cause — has been shattered by the presidential — election results.

The Republicans have been playing up to the Negro voters ever since the war between the states. For decades it was a rare occurrence when any Negroes voted the Democratic ticket. Their vote was virtually unanimous for the Republicans.

Then came the depression of the 1930s and it was a Democratic administration which through the WPA had an opportunity to hand out relief funds by leaf-raking and other work schemes which poured money into the low-income groups.

Thereafter, in election after election, almost all of the Negroes have stayed on the Democratic side.

The Republicans, however, saw a way to get back the Negro vote when the Supreme Court of the United States issued its historic desegregation decision in 1954.

Ignoring their chance among those whites who had been edging away from the Democratic party because of a fear of state socialism and the radical policies of centralized government, the Republicans began to champion vigorously the cause of desegregation.

DESPITE the dramatic deployment of federal troops at Little Rock by the Republican administration, the Democrats of the North cried out that there wasn't enough executive leadership in this field.

Yet in the last campaign the southern Democrats didn't seem to note such trends. Instead, large numbers of them backed Sen. Lyndon Johnson, even though he had swallowed the Democratic national platform with its demand for "equal access for all Americans to all areas of community life," including presumably all private clubs, private schools and other private institutions.

The Republicans were so sure that the Negro vote in the North was on their side this time that Henry Cabot Lodge, the vice-presidential nominee, boldly promised that, if his party were victorious, he would influence the next administration to appoint a Negro to the Cabinet.

While this cost the Republicans some votes in the South, it didn't seem to result in any gain for them in the North.

Incidentally, Sen. Kennedy indicated publicly his sympathy with the Rev. Martin Luther King in the latter's difficulties with the court authorities in Georgia but even this didn't alienate the Democratic politicians of the South, who continued to place their support of the national Democratic ticket above all else.

While many southern newspapers openly espoused the Republican cause, the Democratic organizations, state and local, were all-powerful in influencing the vote.

IT IS TRUE that the Republicans rolled up a relatively big vote in some of the southern states but it is reported that those Negroes who are qualified to vote in the South stayed for the most part with the Democratic party. Thus the strategy of building up the Republican party in the South by trying to get voting rights for more Negroes didn't seem to pay off either.

In North Carolina, for instance, prominent editors say that the state couldn't have been carried so readily by the Kennedy-Johnson ticket if it hadn't been for the Negro vote, which was cast overwhelmingly on the Democratic side.

The following table shows what happened in this year's election in some of the northern areas which are almost solidly Negro—the rise in the percentage of the vote for Kennedy in 1960 over the vote for Stevenson in 1956:

	1956	1960
Gary, Ind.	60.4	81.9
Cleveland	57.9	77.5
Los Angeles, Cal.	75.7	86.6
Chicago	61.3	77.7
Detroit	84.8	80.9
Philadelphia	69.5	77.1
New York City	66.7	76.3

THE NEW YORK newspapers have in the last few days credited Rep. Adam Clayton Powell of Harlem with a statement that Sen. Kennedy had phoned him to say that without the Negro vote he couldn't have won the states which have large electoral votes.

What does all this mean for the future? Will the Republicans now go over to states rights as a fundamental philosophy and try to win the South? Or will they sit on the sidelines and criticize the Democrats as lacking in executive leadership if they don't also send troops into the South to enforce desegregation?

Certainly the civil rights issue looks less and less influential politically. What is important now, as it has been since the 1930s, is the economic benefit that the Negroes and other groups in the lower-income brackets can hope to get from the government at Washington.

Minority of One

By TRUMAN TWILL

Never have I felt so lonely as I feel after the great 1960 national election.

It has dawned on me with the same impact as the realization that Nellie Rockefeller can't deliver New York that at last I have become what I have been a becoming.

I am a minority of one.

No one will lick my toes to get my vote. It isn't worth it.

No pollster bird-dogs me to see what I am thinking because my thinking is of no consequence.

I am not a member of a special interest group.

It never occurs to anyone to think of me as part of a pressure bloc.

There is no speculation about what I am going to do for the good reason that it is of no importance.

I speak only for myself. I influence no one.

No ethnic, religious, or economic factors influence me or vice versa.

I am not typical of anything. They can't even get rid of me by writing me off as an independent and thereafter treating me as if I were a fallen leaf, blown hither and yon by the gusty oratory of the political windbags.

I am not independent. Neither am I a captive.

When I get peeved, I can take out my anger on every candidate of one party, then turn around and do the same thing to the other party if it makes me sore.

My religion is my own business, just the way it says in the Constitution, and I believe it must be the same with everybody else, even the "martyrs." But this, too, takes the zing out of me, because I cannot be appealed to or against in the area of religious belief.

Matter of fact, I cannot be appealed to in any area of belief. I even refuse to associate myself with the wool industry, although I raise sheep. I own and operate my own dump, and here again I stand alone. I do not go along with the dumpmen of America when they lobby for more dumping.

I work for a living, but that doesn't make me mad at the people who hire me. I live in the North, but I am not mad at the South.

There's only one thing I am mad at—people who are mad at somebody.

This neutralizes me as an element in politics. No one needs

to be afraid of me. I am as harmless as a white rabbit. The only offense I could commit would be trespassing, if you can call non-malicious hippy-hopping "trespassing."

That is why I feel lonely in the wake of the great 1960 separation of voters. When it was all over, everybody had been corralled and branded. They were this, that, or the other. They had been analyzed, certified, weighted, projected and detected. Everything about them had been reduced to a statistic carried out to three decimal places. They were a percentage of something.

Me, I wasn't a percentage of anything. My motives were unknown even to myself. I was an individual American trying to get along—not a member of a gang, a crusade, a junta, a cabal, or a marching club.

Man, am I lonely! I haven't a political friend anywhere.

To Decide on Recounts

GOP Probes Election Results In 8 States

WASHINGTON (AP) — Republican trouble-shooters are being sent into eight states to take a "close, hard look" at the presidential election results—and decide whether recounts could change those results.

The decision was taken Friday at a meeting of three of Vice President Richard M. Nixon's top echelon campaign strategists, Leonard W. Hall, Robert H. Finch and Fred C. Scribner. Finch emphasized that Nixon himself had

no part in the plan and hadn't been consulted.

Republican party representatives are being sent to Illinois, Texas, Missouri, New Mexico, Nevada, South Carolina, New Jersey and Pennsylvania.

Lou Guylay, spokesman for the Republican National Committee, said an estimated 25,000 complaints claiming voting irregularities have been received, many urging recounts.

He said the party agents will check these complaints and try to determine whether a recount in those states might turn Republican defeat into belated victory for Nixon.

As it stands now, with vote counts still trickling in here and there, Democrat John F. Kennedy still has assurance of 300 electoral votes, 31 more than the minimum for election.

Kennedy's nationwide popular vote still maintained a tiny margin over Nixon's. The totals: Kennedy—33,895,468; Nixon—33,710,073.

This gave Kennedy an edge of 185,395 out of the more than 67½ million votes cast for the major party candidates.

This was how the Kennedy pluralities stood in the eight states to get close GOP security (electoral vote given in parentheses): Illinois (27)—9,359; New Jersey (16)—21,800; Texas (24)—45,264; Missouri (13)—9,299; New Mexico (4)—2,477; Nevada (3)—2,379; South Carolina (8)—8,139; and Pennsylvania (32)—130,158.

A week ago Republican National Chairman Thruston B. Morton asked local GOP organizations in 11 states to look into report of irregularities.

Morton was not associated with the announcement after the meeting of Hall, Finch and Scribner. Hall was Nixon's campaign manager; Finch and Scribner were top aides in Nixon's campaign organization.

Los Angeles Transit Strike Pact Reached

LOS ANGELES (AP) — Tentative agreement in the Los Angeles transit strike, which tied up bus and trolley transportation in the city for four days, was announced after an eight-hour session that stretched into the early morning hours today.

Negotiators for the Metropolitan Transit Authority and 900 striking mechanics said a new 27-month contract had been approved, subject to ratification by individual union members.

State conciliators Thomas J. Nicolopoulos and Ed Peters announced the settlement after the surprise bargaining session, which was set Friday by Lt. Gov. Glenn Anderson.

The conciliators said terms of the pact would not be made public until acted on by the union membership at a meeting Sunday.

The tentative agreement ends 18 months of bargaining and—if ratified—will restore transportation by midnight Sunday. The crippling walkout began at one minute after midnight Wednesday. It affected not only local riders but interurban service to three neighboring counties — Orange, San Bernardino and Riverside. At least 400,000 commuters have been driving their cars or hitchhiking rides. Absenteeism increased 5 per cent in schools and tardiness was rife in industry and government.

County Burglaries Probed by Deputies

LISBON — Two breaking and enterings in which a total of \$567 worth of equipment was stolen is being investigated, Sheriff Russell VanFossan reports.

Intruders broke into a new home being constructed on Sub-Station Road, northwest of East Liverpool, belonging to Harold Danley of Campground Rd., early Friday morning.

Danley reported that outside light fixtures, a jet pump, radio, drill set, two pairs of fiber glass drapes and a door bell and chimes were taken. The thieves pried off a lock on one of the windows to gain entrance, deputies said.

The Ashley Chevrolet warehouse at the junction of Route 62 and State St., just east of Alliance in Columbiana County, was entered Thursday or Friday.

Automobile accessories were stolen.

Ressler Bound Over On Shooting Charge

Elwood Ressler, Mahoning County officer, has been bound over to the Mahoning County Grand Jury on a charge of shooting with intent to kill or wound 17-year-old Roger Hearrell of Austintown.

Mahoning County Judge Harold S. Rickert Jr. released Ressler to his attorney, W. O. R. Johnson, after Ressler pleaded innocent and waived a preliminary hearing.

Ressler said he fired in self-defense after he caught the youth and a companion trespassing in Meander Reservoir Monday.

Ressler said he fired a warning shot when the boy failed to heed his order to return to shore. He said he fired at the boy when he reached to the bottom of the boat for a loaded shotgun and pointed it at Ressler.

Hearrell is in fair condition at South Side Hospital, Youngstown. Buckshot was removed from his face and body. His father, Morris, filed the charge against Ressler.

Syracuse Halts Final Drive to Defeat Miami 21-14

Considered for 3 Bowl Games

Missouri, Kansas To Tangle Today

By ED CORRIGAN
Associated Press Sports Writer
For a team that was stamped a major disappointment earlier in the season, Syracuse, the de-throned national champion, was floating on Cloud 9 today.

The Orangemen are under consideration for three major bowls—Orange, Liberty and Gotham. They'll probably take the one that offers the biggest financial return.

Syracuse wound up its season Friday night, turning back Miami, Fla., 21-14, in another one of its last-ditch efforts. Just 36 seconds before the end, Ben Schwartzwalder's operatives had to beat back a fierce Miami drive six yards from the goal line.

So Syracuse finished its season with a 7-2 record.

Meanwhile, another fistful of teams finish their seasons today with Missouri in a position to win its first national championship in history.

The Tigers meet Kansas and a victory would undoubtedly mean the national title, and the Big Eight crown as well. Missouri already is assured of playing in the Orange Bowl since Kansas is on NCAA probation.

Minnesota, No. 4 behind Missouri, Iowa and Mississippi in this week's Associated Press poll, play arch-rival Wisconsin. A Gopher victory would mean a tie with Iowa for the Big Ten title and a bid to the Rose Bowl. The Gophers already have beaten Iowa and that would be the determining factor.

Likewise Duke was in a position to win the Atlantic Coast Conference championship with a victory over North Carolina. Utah State could nail down the Skyline crown with a triumph over Utah. A decision by Yale over Harvard could give the Elis their first perfect season since 1923 and the Ivy League championship.

Arkansas, (7-2), No. 7 in the AP poll, was out to cement at least a tie for the Southwest Conference title by beating Texas Tech.

Iowa played Notre Dame, while Auburn, No. 9 in the poll, went against Florida State. Both Auburn and idle Mississippi still are in the running for the Southeastern Conference title. It won't be decided until next week.

Navy, No. 8 in the country also has the day off, while Ohio State, No. 10 went against Michigan. Washington, No. 5, assured the host spot in the Rose Bowl, closed out against Washington State, while New Mexico State tackled Hardin-Simmons in an attempt to clinch a tie for the Border Conference crown.

Pitt and Penn State, both hoping for bowl bids, went at each other in another important Eastern game.

Center the ball

There's no place to start like the beginning—especially when you want to know what's wrong with your bowling.

One of the first questions I ask myself when my game goes astray is: "How's my starting position?"

To find the answer, I make sure I'm the proper distance from the foul line and I check to see that the ball is centered horizontally on my body. This is the form that has carried me to so many tournament titles, like the All-Star.

When these checks are made, I know that I've got a good start on a good game.

Jofre Wins Bantam Crown

Brazilian Knocks Out Mexico's Sanchez

By JIM BACON
LOS ANGELES (AP) — Brazil has its first boxing champion in history today and Eder Jofre's right hand thus becomes as famous as coffee and the samba in the South American republic.

Jofre, who boxes like Sugar Ray Robinson and punches like a diminutive Joe Louis, took the National Boxing Association's version of the world bantamweight championship Friday night with a lethal one-punch knockout of Mexico's Eloy Sanchez.

The lights went out at 1 minute and 30 seconds of the sixth round for Sanchez in the scheduled 15-round bout. Jofre's right didn't travel far. It didn't have to.

It caught Sanchez flush on the jaw and the Mexican almost took a back flip before he hit the canvas.

"I was surprised when he stayed down," Jofre said later. Ringsiders weren't. Sanchez lay flat on his back several long moments after Referee Mushy Callahan raised the Brazilian's gloved hand in victory.

Jofre, a 2-1 favorite, weighed 118 as did Sanchez. Ironically, the knockout punch came as Sanchez was delivering his best fight of the evening. The round was savage with Sanchez uncorking a right that sent the Brazilian's mouthpiece flying. The punch brought a rousing ovation from the predominantly Mexican audience of 6,500 if Jofre's right cross quieted both the fans and Sanchez.

The new champ wants to take on Alphonse Halimi of France next to clear up the world title dispute. Halimi is recognized as the European bantamweight king.

There seems little doubt that the Jofre-Halimi world championship fight will be held in Sao Paulo.

Browns Expect Hard Battle From Unpredictable Steelers

CLEVELAND (AP)—The Cleveland Browns are looking for a tough battle against the Steelers in Pittsburgh Sunday afternoon.

despite the difference in the records of the two teams this season. Cleveland has scored 218 points—a total second only to that of the Baltimore Colts in the National Football League—and has permitted only 136, the third best performance among the 13 teams.

The Browns, with a 5-2 record, are only a game behind the pace-setting Philadelphia Eagles in the NFL's eastern conference race.

The Steelers are out of the race with a 2-5-1 record. They have scored only 170 points and permitted 196.

But the Browns remember what happened last season. Pittsburgh beat them twice, 17-7 and 21-20. That second defeat was the beginning of the end for the Browns, who went into the game with a five-game winning streak.

The Browns are expecting a rough time with quarterback Bob Layne, who has always provided rugged opposition for them, whether with the Detroit Lions or with Pittsburgh.

In their first meeting with the Steelers this season, the Browns jumped out to a 21-0 lead, but Layne threw a scare into them in the second half. Cleveland hung on to win, 28-20.

Layne has missed one game this year and has been handicapped in some others by a sore thumb on his throwing hand, but he still ranks fourth among NFL passers. He has completed 68 of 136 passes for 1,226 yards and 11 touchdowns.

Giants-Eagles Tilt Headlines Six-Game NFL Schedule

By JIM KENSIL
Associated Press Sports Writer
The last time the Philadelphia Eagles and New York Giants met on consecutive Sundays, the Eagles swept the pair to climax their third straight Eastern Conference championship in the National Football League. That was in 1949.

Now the Giants are shooting for three titles in a row and are 3-point home favorites to defeat the conference-leading Eagles Sunday in the headline game of six on the NFL schedule. The Eagles (6-1) and Giants (5-1-1) meet again next Sunday at Philadelphia.

Cajon Golf Tourney Enters Third Round

LAFAYETTE, La. (AP) — The \$15,000 Cajon Classic Golf Tournament heads into its third round today with Johnny Pott and Jon Gustin pacing the tightly packed field.

Pott, of Shreveport, La., and Gustin of Gladwyne, Pa., stood at 136, just one stroke ahead of hometown favorite Lionel Hebert and Al Balding, of Toronto, Canada.

At 138 were Lionel's brother, Jay, and Frank Boynton, Orlando, Fla.

In good position is the defending champion, Bill Casper, Apple Valley, Calif., who shot a 66 for a 36-hole score of 139.

In the Western Conference, the Green Bay Packers (5-2) can tie the idle Baltimore Colts (6-2) for the lead by beating the Los Angeles Rams (2-5-1) at Milwaukee. Green Bay is favored by 12.

Third-place Chicago (3-3-1) is home to the Detroit Lions (3-4), and the Bears are 7-point favorites.

Big Ten Season Closes Today

Minnesota Seeks Share of Title

By The Associated Press
The Big Ten football season closes today with Minnesota struggling for a share of the conference championship.

The Gophers, who only last week were ranked No. 1 nationally, must defeat Wisconsin in order to tie Iowa for the league title.

Should the Gophers, upset by Purdue last week, defeat Wisconsin, they will be up for possible Rose Bowl consideration. Minnesota is ranked fourth nationally.

Another Big Ten team eyeing a possible Rose Bowl bid is second-ranked Iowa. The Hawkeyes finished their Big Ten campaign last week and close the season today against Notre Dame. An impressive victory over Notre Dame could put the Hawkeyes in running for national honors and the trip to Pasadena.

Traditional battles will keep the rest of the Big Ten busy, although little is at stake except possible jockeying in the standings.

Illinois is at Northwestern, Purdue takes on Indiana in the battle for the Old Oaken Bucket, Michigan will be at Ohio State and Michigan State is host to Detroit.

Michigan State and Iowa, both solid favorites, could give the Big Ten its greatest year against non-conference foes by winning. In 18 games against non-league foes, Big Ten teams have 15 victories, two ties and one defeat. The only loss was an Oregon State victory over Indiana.

Bowling

Wanda Wilson blasted a "hot" 202 Friday evening to lead in individual bowlers in the Ladies Buckeye League at Timberlanes.

Other high scores were racked up by Lois Longanecker, 193; Dorothy Vogelhuber, 190; Mae Garlock, 183 and Ann DeJane, 186.

Longanecker took high series with a 539 score.

High team single went to Gray Motors with 889. The same team took high series rolling 2400.

The Men's Pastime League was led by Clyde Stoffer, who recorded a 212 single. Tom Liepper had 205 and Steve Missik 201.

High series went to Missik with 534.

Red's Cab nabbed high team single, 908, and also took high series, 2511.

Class A Cage Season Opens Here Monday

Three games Monday evening at the Memorial Building kick off the 1960 Salem Class A basketball season.

Slated to go in the opener at 8 are First National Bank and Old Dutch Beer. Salem Stamping faces Herron Transfer at 9 and Coy Brothers Trucking goes against Meissner's Sohio in the nightcap at 10.

The loop's other four teams get into action Wednesday. Berlin Merchants vie with Theron's IGA at 8, while Beall Battery and Electric battles Bricker and Bricker Construction at 9. The finale at 10 features First National Bank and Salem Stamping.

League manager Rusty Tomlinson, Memorial Building director, said the league will operate on each Monday and Wednesday evening during the course of the season.

Capital Cage Squad Pins Hopes on Fenton

The Capital University basketball squad is placing its hopes this season on six lettermen, one of whom is Co-captain Mark Fenton, former star Salem High cager.

Fenton, who is a senior at Capital, will serve as co-captain along with senior Duane Pelkey of Worthington. Both Fenton and Pelkey lettermen are center Joel Dill, a junior from St. Marys; forward John Pride, junior, Youngstown; and guards Skip Mullaney, senior, Raymond; and Bob Holliday, junior, Lancaster.

The Fighting Lutherans open their season at home on Dec. 3 against Bellarmine.

No Pittsburgh Pirate will ever wear No. 1 or 33. Those retired numbers belonged to Bill Meyer and Honus Wagner, respectively.

Columbiana In 3-Way League Tie

Louisville Blasted 30-14 by Clippers

Columbiana forced a final three-way tie for third place in the Tri-County football loop Friday by blasting Louisville 30-14 at Columbiana.

The action wrapped up 1960 football play in the area.

Columbiana ended with an overall slate of seven wins and three losses and was 4-3 in the Tri-County loop.

Salineville Cagers Are School's Tallest In 5 Years

Coach Dick Jones of the Salineville Indians reports that his basketball squad this year will be the tallest the school has had in five years.

The Indians have three returning letterwinners. They are senior guard Ron Giannone, 5-8, and junior forwards Jack Baker, 6-1, and Bud Leatherberry, 5-10.

Other seniors on the squad are Ron Dunlap, 5-10; Paul Kelley, 5-11; Gary Pisarsky, 6-3; and Jim Polen, 5-11. Juniors, in addition to the two lettermen, are Ron Jones, 6-2; Bill Boyle, 5-9; Ray Mundy, 5-11; and George Tepsic, 6-1.

There are also two very promising sophomores—Jim Carter, 5-10; and Bill Francis, 5-7. Coach Jones reports that Francis has fine speed and will get a good shot at making the first team.

Other boys given the best chance of cracking the starting lineup are the three lettermen, plus Kelley, Pisarsky, Dunlap, Polen and Jones.

Lost from last year's squad which won seven games and lost 10 are Dick Kerr, Tom Raffle, Jerry Giannone, Tom Keating and the late Dave Gearin who was the team's leading scorer last year.

Coach Jones says a great deal of the success of the Indians this season depend upon the development of the front court scoring by Baker, Leatherberry, Pisarsky, Jones and Dunlap. Kelley and Giannone are fine outside shots and great drivers.

Coach Jones will be assisted this year by Albert Girone, a Kent State University product.

The Indians are slated to open their 18-game schedule on Dec. 3 at Jefferson Union. Coach Jones says he expects his toughest opponents to be Stanton Local, Beaver Local, Conotton Valley and Jefferson Union. Other teams which he believes may surprise are United, Augusta and Newell.

The complete schedule is as follows:

Stockbroker Balks at Buying Athletics

By FRANK CRAWFORD
Associated Press Sports Writer
KANSAS CITY (AP)—A ninth-inning balk may throw the battle to buy the Kansas City Athletics to a group of local business men.

Elliot Stein, a St. Louis stockbroker heading a rival group, pulled out of the bidding Friday even though the Chicago Probate Court had given him permission to purchase the 52 per cent controlling interest of the late Arnold Johnson. Stein said he was withdrawing because of the keen disappointment of Kansas Cityans and because "we have been fully aware of the problems imposed by absentee ownership."

Spokesmen for the Kansas City syndicate, who had bid slightly more than Stein's \$1,820,000 for the controlling interest, assigned other reasons for the about-face. They said although Stein could get the 52 per cent willed to Johnson's remarried widow, Mrs. Warren Humes, he could not obtain the minority stockholders' 48 per cent. This, they said, would make it an unprofitable venture.

Monday had been set for the Stein group to produce the contract of sale.

On Tuesday Chicago Judge Robert Dunne awarded Stein the right to buy the controlling interest. Stein's offer provided it could be withdrawn if he could not obtain 100 per cent of the stock.

Mrs. Humes, who has said she wants to keep an interest in the ball club for her son, Jeffrey, 10, again may be offered a place in the local group, as she was in Stein's. Or she may make a bid to purchase the stock herself.

Off on 'Secret' Mission

Webb Hunts Buyer Of LA Franchise

By JOE REICHLER

Associated Press Sports Writer

NEW YORK (AP)—New York Yankee co-owner Del Webb was off today on what was supposed to be a secret mission in an attempt to line up a buyer for the Los Angeles franchise in the American League in 1961.

Joe Cronin, the beleaguered American League president, acknowledged Webb's trip Friday after deferring a decision until Tuesday on the ownership of the new LA franchise.

Cronin said Webb had been commissioned to see Walter O'Malley and learn from the Los Angeles Dodger owner the extent of the damages he would seek for

the invasion of a second major league club.

It was learned, however, that Webb had a two-fold reason for hastening to Los Angeles. First, he wanted to confer with O'Malley and second, he wanted to interest a group he had in mind to take over the Los Angeles franchise.

"Webb said he knew some people in Los Angeles who he was certain would be acceptable to the league," said the informant. "He didn't want to identify these people because he wasn't sure they wanted to own a big league club but he said he'd try to line them up."

This disclosure indicated that the American League owners were not particularly enthused over an offer by Charles O. Finley, a Chicago insurance broker, who pledged \$5 million Friday to the operation of the LA club.

"Finley was the only one to apply for a franchise in person," said Cronin, "although we had several other bids on the telephone and by telegram."

He refused to identify the other bidders but it was learned that one came from J. A. Smith, an industrialist who owns part of the San Diego club of the Pacific Coast League and another from Elliot H. Stein, a St. Louis investment broker, who had withdrawn from negotiations for the purchase of the Kansas City Athletics.

Cronin recessed the day-long meeting to lead a committee to Ford Frick's office for a conference with the commissioner in order to clarify the Los Angeles situation complicated by Frick's insistence that "suitable" damages be paid to O'Malley for invading his territory.

Because of these complications, Cronin extended the deadline for the player selection for the new franchises from Sunday to Friday, Nov. 25.

SAN FRANCISCO (AP)—Tom (Clancy) Sheehan missed by two victories of becoming a 500 manager in the major leagues. The Giant scout who replaced Bill Rigney as manager last summer saw the San Franciscans win 46 and lose 50 under his guidance. Sheehan has been replaced by Alvin Dark.

Boston Hands 42-14 Loss To Dallas

BOSTON (AP)—Boston Patriots' quarterback Ed (Butch) Songin is just hitting his passing prime at the age of 34. His fountain of youth: superb protection.

He guided Boston to its third straight American Football League victory, 42-14 over Dallas Friday night, completing 25 of 35 aerials for 210 yards and three touchdowns.

Yet six weeks ago, people were beginning to ask if Songin was all washed up in the first seven games, he was hitting on 46 per cent of his passes for eight touchdowns but had suffered 11 interceptions.

All Songin needed, however, was a little time to throw. A series of personnel shuffles seeking proper line help hit the jackpot two weeks ago in the Oakland game. Songin has been red hot ever since.

For the three-game winning streak Songin has not had a single pass intercepted, is throwing at 55 per cent accuracy rate and accounted for nine touchdowns.

The victory moved Boston to within a game and a half of Eastern Division leader Houston. If the Oilers are upset by Denver Sunday it would be just half a game. The other AFL game has Buffalo at Western Division leader Los Angeles.

Dallas suffered its worst setback of the season last night. Its Texans could get no park from quarterback Cotton Davidson and by the time his reserve, Hunter Ennis, made his appearance Dallas was trailing 20-0.

East Liverpool Bows 30-20 To Alliance

The Alliance Aviators, sparked by Charlie King, rallied in the second half to defeat the East Liverpool Potters 30-20 Friday night on the Potters' field.

East Liverpool scored in the first and second periods to hold a 14-8 lead at the intermission.

The Potters made their first TD when quarterback Ken Cunningham hit Joe Thompson with a four-yard pass.

Cunningham tallied the second score from two yards out and hurried to John Goodballet for the extra points.

Alliance retaliated when King went over the goal line on a four-yard run. He also ran for the extra points.

King broke loose again in the third period and scored after a sprint of 47 yards. The try for extra points was no good, leaving the squads tied 14-14.

King broke the tie shortly afterward on a five-yard run, and the pass for extra points was good, pushing the Aviators in front 22-14.

Tim Archer went over after taking a 15-yard pass from Cunningham in the final frame to bring the Potters within two points of Alliance, but the Aviators iced the game when Wilson bulled over from a yard out.

Alliance led in first downs 14-10. The Aviators had double the Potters' total in rushing, 293-140. Both teams fumbled three times. Cunningham completed six of 12 passes; the Aviators connected on four of five.

Food Poisoning Kills Warren Area Girl

WARREN, Ohio (AP)—Catherine Shaner, 9, of nearby Vienna, died of food poisoning in Trumbull Memorial Hospital here Friday. Four other members of her family were ill after eating wild mushrooms they had picked.

The family ate the mushrooms Sunday evening after picking them in Brookfield Twp.
